AIRSC ACADEMY OF SAFETY AND DISASTER MANAGEMENT

(A Unit of All India Rail Safety Council – AIRSC)

An Accredited Institution for Railway Engineering, Safety & Disaster Management

About the AIRSC ACADEMY OF SAFETY AND DISASTER MANAGEMENT

The AIRSC Academy of Safety and Disaster Management, functioning under the All India Rail Safety Council (AIRSC), is India's premier institution dedicated to railway engineering, safety, and disaster management education.

It is the only accredited academy in the country offering specialized, industry-aligned programs that combine technical excellence, safety innovation, and real-world application within the railway and transport sectors.

Our mission is to develop a skilled, safety-conscious workforce capable of managing and modernizing India's vast railway infrastructure. With a curriculum designed to meet global industry standards, supported by expert faculty and hands-on practical training, the academy ensures that every learner is prepared for both national and international opportunities in the railway domain.

Why Choose AIRSC Academy?

Accredited, Industry-Recognized Programs

Specialized Courses in Railway Safety & Disaster Management

Expert-Led Training and Real-World Case Studies

Career-Oriented Curriculum with Practical Exposure

Institutional Backing of the All India Rail Safety Council (AIRSC)

Our Motto

"Empowering the Nation through Safety, Skill, and Knowledge."

Join AIRSC Academy – India's first and finest center for professional railway safety education and training.
